The money you spend on a top Polled Shorthorn bull and some good females will be returned many times over in the progeny they will present you. Here you will find 26 bulls, practically all ready for immediate service, and 57 top notch females of modern type and championship breeding.

## *Schedule of Events*

9:30 A. M., Friday, May 7th — SHOW OF CATTLE  
JUDGE — Dr. A. E. Darlow

7:00 P. M., Friday, May 7th—BANQUET—Phillips Hotel

9:30 A. M., Saturday, May 8th—SALE OF POLLED SHORTHORNS

#### HOTEL RESERVATIONS —

The PHILLIPS HOTEL, Twelfth and Baltimore Streets, in downtown Kansas City, Missouri, has been established as headquarters and the management will make every effort to handle reservations. Be sure to mention the National Polled Shorthorn Congress when requesting accommodations and make whatever reservations are required as far in advance as possible. The PHILLIPS HOTEL may be obliged to turn some reservations over to the STATE HOTEL, which is within a block of the Phillips on the same street. Accommodations at the State are comparable in every way to the Phillips.

#### LOCATION —

The Show and Sale will be held at the American Royal Building, Stock Yards, Kansas City.

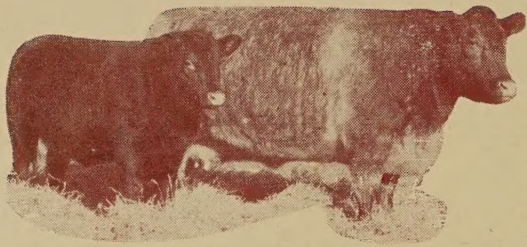

#### LUNCH —

For the convenience of our guests lunch will be served on both days.

#### BANQUET —

An interesting program has been arranged for the Banquet, to be held at 7:00 P. M., Friday, May 7th, at the Phillips Hotel. Make plans to attend. Tickets will be available from any Association representative.

## *Information for the Buyer*

**FREE FREIGHT OFFER**—The American Polled Shorthorn Society will reimburse any purchaser, or group of purchasers, who buy and ship a carload of ten lots or more from this Congress Sale to one destination, up to a maximum of \$200.00. To qualify for this freight subsidy the final destination must be 300 miles or more away from Kansas City, Mo.

**MAIL BIDS**—Those wishing to buy who find it impossible to attend this Congress Sale may send their bids to any of the following competent men who will be glad to handle buying orders. Contact these men at the address listed, or they can be reached in Kansas City in care of the Phillips Hotel, or the American Royal Bldg.:

Representing AMERICAN SHORTHORN BREEDERS' ASSOCIATION,  
7 Dexter Park Avenue, Chicago 9, Illinois.  
Clinton K. Tomson, Secretary                      C. D. Swaffar, Sale Manager  
Clem Larson, Fieldman.

Representing SHORTHORN WORLD, 16 South Locust St., Aurora, Illinois.  
Hal Longley                      Merv Aegerter.

Representing DAILY DROVERS TELEGRAM, Stock Yards, Kansas City, Mo.  
Homer Thieman.

**AUCTIONEERS**—J. E. Halsey, care Wallaces' Farmer, Des Moines, Iowa.  
Hamilton James, Newton, Illinois.

**TERMS**—The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction.

**SHIPPING ARRANGEMENTS**—It is the obligation of the consignors and this Society to see that all cattle are properly loaded on cars or trucks as directed by the buyers for immediate shipment. Cattle will be at buyer's risk as soon as bid off, but every precaution will be taken to see that animals arrive in sound and healthy condition. **BE SURE TO LEAVE DEFINITE SHIPPING INSTRUCTIONS WITH THE SALE CLERK.**

**INSURANCE**—Coverage can be secured effective at the time of sale.

**GUARANTEE**—All animals sold in this sale will be backed by the Standard Guarantee endorsed by this Association.

**LIABILITY**—Although every precaution will be exercised to protect the safety and comfort of guests of the show and sale, neither this Association, nor its representatives, nor the auctioneers or clerks, can assume any liability for accidents.

**JNOETTA DEFENDER** is a rich red bull of excellent type—smooth, thick and deep. He has short legs and a very good head. His dam is a great producing cow and we think he will make an outstanding herd sire.

**KING OF THE VANITIES 22d**—We consider this a better bull than any we exhibited last year. He was not shown because we were using him at home. His first calf is due about sale time. His dam is a dark even roan cow that is remarkably good from the standpoint of appearance as well as productivity. She was the dam of the history making cow that was sold in the N. J. Busch dispersion. A full sister will be shown this year and will never be offered for sale. His sire is the sire of the \$3,100 heifer purchased by Fred Taylor of Mississippi at the last Congress—he is also the sire of the first prize pair of calves and the Grand Champion female at the 1947 International. We heartily endorse this bull in every way.

 Roan, Lewis W. Thieman

MAC'S ACE OF HEARTS—A good, red son of King of The Vanities 2d and out of Queen of Hearts 6th, a heifer from the famed Thieman Queen of Hearts family. Here is a bull whose pedigree is full of International champions and we believe he is an outstanding prospect for a herd sire.

# Super-Efficient Beef Production

The rapid strides made by Polled Shorthorns to meet modern demand for the super-efficient beef animal with utmost weight, earliest maturity and naturally hornless head, is evidenced by the ultra-modern type of the grand champions at the 1947 Chicago International. Left above is the Grand Champion female, Clarissa Coronita 4th, born October 7, 1946, bred and exhibited by Lewis W. Thieman of Concordia, Mo., and sold at \$2,500, the top of the International Polled Shorthorn sale, to Ben W. Franklin, Kingston, Ont., Can. Her sire is King of the Vanities x2123419 and her dam is Clarissa 1996147. Below left is Millbrook Crown x2384765, Grand Champion Polled Shorthorn bull at the 1947 International. He was born June 11, 1946 and was bred, exhibited, and owned by William H. McDonnell of Yorkville, Ill. His sire is Millbrook Sentry x2250461, and his dam is Maxwalton Gloster 87th x2053170.

This eighth annual Congress offers the modern type animal for every type herd and every size pocketbook. Practically every bull is ready for immediate service and the females are of superior type which will soon be fulfilling their purpose as breed matrons. **BUY POLLED SHORTHORNS FOR THE UTMOST IN BEEF PRODUCTION.**

KING OF THE VANITIES 29th—An intensely line-bred bull along Cherry Coronet-Count Coronet lines. Eleven of the fourteen cattle listed in this bull's pedigree were either International Champions or the dam or sire of an International champion. His dam is a most attractive dark roan cow whose first calf was one of the top selling bulls of the 1946 International Sale. Her mother produced Cherry Coronet. King of Hearts sired many of the top selling cattle in several of our own auctions.

**SUNBEAM COUNT COLLYNIE**—Was the Grand Champion bull at the Arizona State Fair last fall in competition with both Shorthorns and Polled Shorthorns.

# The World Trend is to Polled Shorthorns

All over the world Polled Shorthorns are booming ahead in an impressive way just as in America, competing with all other breeds. This world-wide boom means world-wide demand because America is the original source of supply. Polled Shorthorns were bred, developed and improved in the United States. No other beef breed in this country has ex-

perienced such an enviable export trade. The attractive world-wide record made by the breed stems directly from its efficiency in converting grass and roughage into the greatest weight at any age, ample flow of milk for earliest maturing calves, adaptability to all ranch and farm conditions, wonderful dispositions, and suitability to modern demand. They are truly the breed toward which the present and future market trends. A Polled Shorthorn breeder is assured of a good demand for all he can produce both from home and abroad. Polled Shorthorns can bring security to thousands of breeders the world over. NO BETTER PLACE CAN BE FOUND TO START A HERD than at the 1948 Congress.

CONSTELLATION CONTROL is a dark, even roan bull that is smooth headed, short legged and thick. His dam is an extra good breeding cow and is the dam of the Grand Champion bull of the 1944 Missouri Polled Shorthorn Sale; now owned by Jeck & Nilges, Atlantic, Iowa, where he is proving to be a great sire. His sire is a 100% dehorner and the sire of many Missouri Polled Shorthorn Sale champions. Note the amount of rich polled breeding in this pedigree.

Profit is the yardstick that governs the operations of the farmer or rancher who produces cattle for market, and these are the principal customers of breeders of purebreds. That is why Polled Shorthorns ARE GOING PLACES. They are the most efficient, most adaptable to all farm and ranch conditions. WHY? Because there is more room at the feed bunk or in shipping space with polled cattle. . . . Polled Shorthorns have that famous Shorthorn greater weight for age and earlier maturity . . . they have retained their growthiness and attained the smooth modern covering of flesh so desirable in market cattle . . . they produce more marketable meat in the same length of time on the same feed and do it easily and quietly, without fuss. There are many bulls in this sale which will be ideal for adding those extra 50 to 100 pounds to purebred, market or crossbred calves. KEEP PACE WITH THE TIMES. Breed Modern Polled Shorthorns—the kind you will find at the Congress. Give the producer the kind he wants.

**COSMIC CONSTELLATION** is a solid red, good, smooth-headed bull, short-legged, deep bodied and with a nice coat of hair. He is the best dispositioned bull I have ever handled. His dam is one of my best cows and produced the Grand Champion heifer of the 1946 Missouri Polled Shorthorn Sale which was purchased by Sni-A-Bar Farms. Collynie Constellation has sired more Missouri State Polled Shorthorn Sale champions than any other bull. He is a 100% dehorner, and a sire of good colored red and dark roan calves.

# Type, Uniformity, Prolificacy, Disposition

The proof of a progressive breed is in buyer demand, and Polled Shorthorns HAVE EVERYTHING IT TAKES. A breed cannot stand still. Perpetuation connotes improvement. Progress multiplies that improvement many times. There has been no better criterion of breed progress than the annual Congresses. Every one has been an important milestone in the rapid rise of the breed. This group of females belongs to a leading herd which has consistently drawn upon the Congress for foundation females, and in turn, has consistently consigned top prize winners. They show the pronounced progress in type and uniformity of the breed as well as its propensity for prolificacy and good dispositions.

The Congress consignments are never happenstance. They are always well-bred young animals of the type most sought after and sired by bulls that are reliable producers of distinguished show stock. The person interested in aristocratic bloodlines will find just what he is seeking at this eighth annual event. The entire consignment will be important foundations in any successful breeding program.

**VIOLET CORONITA 10th**—A thick, deep, close coupled cow with an ideal head. Bred January 15, 1948 to Coronet Triumph x2296221. This bull is by Coronet Royalist, a son of King of Hearts, the noted Thieman bull. His dam is a daughter of Oakwood Impression Jr., a well bred Teegardin bull. This heifer carries a calf that should be an asset to any herd.

HILLCREST VICTORIA is a dark roan heifer with a good deal of size and fairly heavy bone. She is out of one of our best cows. Notice her breeding and breeders—Bellows, Thieman, Hultine, Hanson. Carefully consider this heifer, her pedigree, her offspring and what they can do for you. Bred Nov. 3, 1947, to King of The Vanities 8th x2351300.

# The Ideal Dehorner

Polled Shorthorns seldom get to the showing as steers because the demand for Polled Shorthorn bulls is so great. But wherever a Polled Shorthorn steer is shown, he holds his own against the best of all breeds. At the 1947 Pacific International at Portland, Oregon, where the steer competition was the strongest in the history of that show, the second prize heavyweight steer was a Polled Shorthorn shown by J. W. Bennett, Jr. of Winona, Washington. Back of that steer is a Polled Shorthorn Congress record. The sire of the steer was Rosewood Hero x, but the dam was by Cumberland Fascinator x, the grand champion bull of the very first Polled Shorthorn Congress held at Des Moines, Iowa, in 1941. He was the winner of the youngest class at that first

Congress. And thus the standard of the bull offering has been maintained right down to date. Bulls in this Congress have been chosen not only to head championship purebred herds, but also to help the commercial producer in his dehorning job, at the same time retaining the famous added weight and early maturity of the Shorthorn. Each year more and more commercial producers are depending upon Polled Shorthorn bulls to save the wear and tear of dehorning market steers.

**GOLDIE 73D**—A dark red show heifer by the Nebraska grand champion Collynie Front Rank. Bred October 20, 1947 to Collynie Foremost x2343921, a choice red son of Lynnwood Nugget. Bangs vaccinated.

**BONITA CORONITA 7TH**—This heifer was a valued member of our show herd last year. She was fourth at Illinois, first at Missouri and second to her half sister at Iowa. Her half sister was the 1947 International Grand Champion. Many competent judges consider this heifer a better individual than Vanity Queen 2d — although we never showed them against one another and Vanity Queen 2d was never defeated. Eleven of the fourteen cattle in her pedigree were either International Champions or the sire or dam of an International Champion. She could be the greatest breeding female we have ever offered. Breeding date and the bull to which she is mated will be announced at the sale.

BESSIE SULTANA 3d is an even, dark roan heifer of the right type with a very good head. Collynie Constellation sired more Missouri Polled Shorthorn Sale champions than any other bull. A full sister to this heifer is being retained in the breeding herd. Bred Dec. 20, 1947 to Collynie Crown x, a solid red bull of Lynnwood Nugget and out of a King Collynie Jr. dam; an intensely King Collynie Jr. bred bull. Bangs vaccinated.

**SWEETHEART 7TH**—An excellent headed heifer with a great spring of rib. She is sired by the grand champion bull at the 1944 Sioux Empire Show and Sale, a bull deep in Lord Collynie breeding. A half brother to her by the same sire was reserve champion bull at the recent Omaha Show and Sale. Her dam is a top daughter of Collynie Compact, one of the herd bulls in the Cherry Hill herd. Pre-tested clean and Bang's vaccinated. Bred November 5, 1947 to Glen Knolls Monarch x2292493, top bull in the 1946 International Sale.

RIDGEVALE GWENDOLYN is a nice blocky, low-down, well balanced heifer with plenty of width, with an excellent pedigree. Her dam had very small horns that were loose until she was about a year old and we have considered her practically a Polled Sport. Her type is right and she will make an excellent foundation female.

ALCOVE LAVENDER 3d—Has the kind of head we like to see on a brood cow, and plenty of weight for age. The third prize Junior heifer calf at the 1947 International was also a granddaughter of Choice Violet 6th.

# Help Us Grow!

Only by organized cooperation can ANY GROUP WIDEN MARKETS at lowest cost. Polled

Shorthorn memberships have jumped 293% since 1940, and markets have increased in direct proportion.

If this were all that a membership in the Polled Shorthorn Society did, it would be well worth the \$10 for a lifetime Class B membership (plus the

\$1 in dues annually), but that isn't all! By the lower registration and transfer fees accorded to members you actually

save that entire cost with recording only five registrations and five transfers at minimum fees. The average herd easily does that much business each year. **THINK WHAT YOU CAN SAVE IN A LIFETIME!** As your herd grows larger your savings increase. It is like a bond that pays 50% interest.

Polled Shorthorns have the greatest rate of gain in memberships of any beef breed —**HELP US GROW! JOIN TODAY!** If you are already a member, encourage new breeders to join, or present new buyers with a courtesy membership. Increased Polled Shorthorn values make such a program easily possible. Address **POLLED SHORTHORN SOCIETY**, Union Stock Yards, Chicago 9, Ill., or hand the membership to the sale clerk in Kansas City at the Congress, May 7-8.

VICTORIA ROSE 3d is another good daughter of Coronet Mystic Prince and is from an unusually productive cow. Although the cow will be only seven years old in August of this year, this is her sixth calf—and she will calve again before her seventh birthday. She dropped two sets of twins within twelve months and raised the entire group. One of the 1945 twins was Grand Champion and top selling bull of the Missouri State Sale of that year and one of the 1946 twins made the same record at the 1946 Missouri Sale. This good roan heifer will make someone a valuable foundation animal. Bangs vaccinated. Sells open.

LUSTRE CORONITA 9th—Eleven of the fourteen cattle listed in this heifer's pedigree were either International Champions or the sire or dam of an International Champion. Out of a well balanced, good type half-sister to Queen of Hearts and Vanity Queen 5th, both International Grand Champion females. She is line-bred along the lines that have produced eight of the last 12 International Grand Champion females.

**LYNNWOOD GLOSTER 2d**—Few heifers offered carry as much of the breeding of Collynie Type 3d as does this one. Her dam is sired by a bull exported to South Africa. This heifer is very straight in her lines, low set, deep and well grown for her age. Pre-tested clean and Bang's vaccinated.

ALPINE JUNO 10th—A well balanced heifer that has the type and breeding to make an outstanding brood cow. Her dam is another good daughter of Collynie Impression. These Juno heifers have always proved to be exceptionally good investments for their new owners. Teegardins have purchased several of these heifers and Mr. H. L. Straus bought one in the 1944 Congress that later produced the \$3,200 Cherry Hill Juno. Bangs vaccinated. Sells open.

 Queen of Beauty 73d 1643521  
 Roan, Bellows Bros.

ALPINE QUEEN OF BEAUTY A—These Bellows Queens of Beauty have produced as many good cattle as any family we have owned. It is the same family that produced Alpine Impression, champion bull at the 1943 Congress and Alpine Queen of Beauty that topped the 1944 Congress at \$1,000 going to Cherry Hill Farm. This heifer is the same kind. Bangs vaccinated.

The years continue to add evidence that giving each buyer an over-flowing measure of square deal is the smartest business practice any breed auction can follow, and that can be said of every Polled Shorthorn Congress to date. The who's who buy here. They have learned by experience that there is no more dependable foundation for a leading herd than championship blood, and it can always be found at these annual national events. COME AND PROVE IT TO YOURSELF.
